JOSIAH TURNER, Jr., EDITOR.

[From the Old Dominion, for March.]

CAUSE OF GENERAL JACKSON'S DEATH.

Editors of Old Dominion:

I have just received your letter asking me to give you some information in regard to the last wound of General Jackson, that you may correct the statement published in some Northern magazines by Gen. De Peyster and Colonel Clifford Thomson. The former, you say, claims that General Jackson was shot by the 1st Massachusetts infantry, and the latter that he was killed by a canister shot from Pleasant's artillery.

You will find an accurate account of the General's last wound and death in Dabney's "Life of Jackson," or in the account I wrote and published several years ago.

The facts are briefly these:

General Jackson made the attack May 2d, with his army in three lines of battle.—Rhodes' Division occupied the front line, Colston's Division the second line, and Hill, with a part of his Division in line and a part in column, the third line. During the attack and rapid pursuit of the enemy Rhodes' and Colston's Division became commingled and moved in one confused mass. Rhodes finding how disordered the troops were, asked Jackson to send Hill forward to take the advance, and permit the first and second lines to be reformed. While this was being done, Jackson, accompanied by some officers and couriers, rode forward to reconnoitre. He advanced as far as the Federal pickets and then turned to come back to his own line, when his party, mistaken for Federal cavalry, were fired into by the Confederate line of battle. The fire was probably from troops who had just been placed in position, and who did not know that Jackson and his party were in front of them. I think this was the General's impression in speaking of it afterwards. Several of his party were killed and wounded by this fire, but the General escaped, and turning to his left entered the forest and continued to approach his own line. When within thirty or forty yards of it a second volley was fired, which wounded him in three places. One of the wounds was in the right hand, the other two in his left arm. The ball causing the first wound lodged under the skin upon the back of his hand. It was a round ball, such as was used for the smooth-bore Springfield muskets. The wounds in his left arm were believed to have been made by the same kind of bullets. The Confederate troops who fired the volleys at the General and his escort were armed with smooth bore muskets.

I will add that General Jackson did not die from those wounds. His death was the result of pneumonia, and occurred eight days after the wounds were received.

Yours, very respectfully,

HUNTER McGUIRE,

Late Chief Surgeon Jackson's Command.

A CURIOSITY.—A letter from Jerusalem in the French "Journal Officiel" gives us an account of a singular archæological discovery made by M. Clermont Ganneau, dragoman to the French Consulate; a great block of basalt found near the Dead Sea, in the territory of the Moabites. There are thirty lines engraved upon it in Phœnician characters, beginning with these words: "I, Mesa, son of Chamos." Mesa was a Moabitish king mentioned in the Bible, and contemporary with Elisha the prophet, and Jehoshaphat, king of Judea. The third and fourth chapters of the Second book of Kings give an account of the campaign with the united forces of "Joram" against Mesa, king of Moab. This monument dates nine centuries before the Christian era. It is nearly two centuries earlier than the famous sarcophagus of Echmonadzer, king of Sidon. The inscription is readily deciphered, each word being separated by a point, and each sentence divided by a line. The language is, with new orthographic changes, pure Hebrew. This very valuable discovery, contemporary with a portion of Holy Scripture, is a rich addition to the antiquarian jewels. The inscription has been forwarded by M. Ganneau to the Academie des Inscriptions, with a dissertation. The antiquarians will be on the *qui vive* for further particulars.

THE CHEROKEE ROSE.—The legend of the Cherokee Rose is as pretty as the flower itself. An Indian chief, of the Seminole tribe, was taken prisoner by his enemies, the Cherokees, and doomed to torture, but fell so seriously ill that it became necessary to wait for his restoration to health before committing him to the fire. And as he lay prostrated by disease in the cabin of the Cherokee warrior, the daughter of the latter, a young dark faced maid, was his nurse. She fell in love with the young chieftain, and, wishing to save his life, urged him to escape; but he would not do so unless she would flee with him. She consented. Yet before they had gone far, impelled by soft regret at leaving home, she asked permission of her lover to return, for the purpose of bearing away some memento of it. So retracing her footsteps, she broke a sprig from the white rose which climbed up the poles of her father's tent, and, preserving it during her flight through the wilderness, planted it by the door of her new home in the land of the Seminoles. And from that day till, beautiful flower has always been known, between the capes of Florida and throughout the Southern States, by the name of the Cherokee Rose.

SIMPLICITY IS BEAUTY.—The late Fitz Greene Halleck said:

"A letter fell into my hands which a Scotch servant girl had written to her love. Its style enchanted me. It was fairly inimitable. I wondered how, in her circumstances of life, she could have acquired so elegant a style. I showed the letter to some of my literary friends in the city of New York, and they unanimously agreed that it was a model of beauty and elegance. I then determined to solve the mystery, and I went to the house where she was employed, and asked her how it was that in her humble circumstances in life she had acquired a style so beautiful that the most cultivated minds could not but admire it. "Sir," said she, "I came to this country four years ago. Then I could not read or write; but since then I have learned to read and write, but I have have not yet learned to spell: so always when I sit down to write a letter, I select those words which are so short and simple that I am sure to know how to spell them." There was the whole secret. The copy of that simple-minded Scotch girl condensed a world of rhetoric into a nut shell. Simplicity is beauty.

Notice! Notice! Notice! Notice!

HAVING seen by the *Standard* and SENTINEL of 5th, that the Yarborough House is advertised as the only first class Hotel, we wish to call the attention of the travelling public to two or three facts:

It is well known that the National Hotel is new and was furnished by J. M. Blair, (who gave us this notice extraordinary of the Yarborough House,) regardless of expense, only this past Fall, but it was done when he expected to be the Proprietor and retain this, as he expressed it, for his first class boarders, and send his second class to the Yarborough. The trouble was he had to go there himself.

To do justice to the owners of this property, my customers and myself, I will say that let the public simply give the house a trial, and they will say no neater, cleaner, better kept house can be found in the South or North.

Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound, soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agents. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, MARCH 25, 1870.

"KING OF THE KU KLUX."

The *Standard* charges us with evading his question as to who is "king of the ku klux," denies that the Governor writes for the *Standard*, and boasts that he (Jo) feels abundantly able to handle the editor of the SENTINEL. How are we to believe all this, even if it were so? The same thing was said when the Governor sold out to his son Jo once before, and now we have proof that the Governor did write for Jo's paper.—Joseph says he never hanged around Grand Jury rooms seeking to indict any one for conspiracy. He says he was never indicted for conspiracy, though the effort was made by the editor of the SENTINEL to have him indicted. Joseph is mistaken about this, we declined to go before the Grand Jury, at the request of General Cox, the Solicitor; we gave him the names of witnesses who saw Joseph heading the mob who came upon us in Davie street. We think, Joseph, the least you say about this the better, your not being indicted is no test of your innocence, especially since Greasy Sam, the Judge, presiding, has been found with bonds in his possession after granting and dissolving an injunction.

Joseph says he "is satisfied with the honesty and intelligence of a jury of his fellow citizens." He ought to be, he is no doubt satisfied with the honesty and intelligence of Greasy Sam, too, notwithstanding the bonds.

Joseph charges us with having written an article in a tone justifying the murder of Colgrove. There is no shadow of truth in it. When two of the Governor's league members murdered Blalock, and the cry was to mob and burn them, we remonstrated against it and urged that the law take its course. If there ever was a case in which we could justify mob law, this was one of them.

Joseph charges that we opposed the plans of Dr Jones, of Orange, and Capt. Ramsay, of Chatham, for putting down Ku Klux. We did not know they had any plan.

Joseph charges us with saying, at Wentworth, that Judges Settle and Tourgee were no better than Colgrove. We are inclined to think Joseph in error on this head, for this was about the time Judge Settle's horse and buggy got drunk with Joseph, and lost the Judge's churn. We said Chicken Stephens was as good as Tourgee, and the members of the Bar who would shake hands with one and not with the other should be kicked. We do not remember to have said Judge Settle was no better than Colgrove, but we say it now, as political men and politicians, Colgrove is infinitely the best man, and infinitely better, politically, than any man who, like Judge Settle, fought under the Confederate and now fights under the Radical banner Yes, give us Colgrove in preference to all such, even if his character should be no better than that of Littlefield, Ludin or Judge Watts.

The staple of the *Standard's* article, "King of the Ku Klux," to which we are replying, is based upon falsehood fabricated by Joseph himself or by the writer of the article.

"We have accepted the remedy, (says Joseph) if he will give us the name of the King of the Ku Klux we will give him the name of the President of the League. It is his own proposition." In this last statement Joseph knows he utters a falsehood, plain and palpable; upon this falsehood he bases his article, we have made no such proposition or anything like it.

The Governor, we recently ascertained, was the President of the Leagues. If we knew the King of the Ku Klux, we would give the name, whether he would give us the name of his Dad or not, which he and the negroes have kept concealed so long.—Yes, Joseph your statement that it is our proposition to give you or any one the name of the King of the Ku Klux, is a brazen falsehood, as false and as black as Holden's administration.

COUNTY MEETING.—It has been suggested to us that there ought to be a meeting of the citizens of Wake county held at no distant day, to take into consideration the public interests and future political course of the county; especially to nominate candidates for the various county offices that are to be filled at the next summer election, and, perhaps, to appoint delegates to a Convention to nominate a candidate for the Senate, and also to a Congressional Convention to nominate a candidate for Congress.

Without presuming to dictate, we would suggest Tuesday of Superior Court week as an appropriate time for holding a county mass meeting for the purposes alluded.—We hope to hear from the various sections of the county in response to the suggestion, and if it meet with general approbation, we will give notice of the fact.

WHAT'S THE MATTER!—We noticed in the papers, some days ago, that Governor Holden had removed a number of Inspectors &c., at Wilmington and appointed others in their places. What have *they* been doing, now, we should like to know? Have they been following the example of Estes, or that man that helped to unlade the Cuban ship while in charge of her, or of Durfee? So they go—not only one by one—but by twos and threes.

THAT'S RIGHT.—We see an announcement in the Salisbury *Examiner*, that Maj. W. M. Robbins will address the people of Davie at Mocksville, on the 5th of April, on the political questions and measures of the day. That is the right way to go to work; let those who have had opportunities of knowing the movements and acts of the politicians of the State for the last two years, give the people the information they possess. We hope to hear of many others following the example of Maj. Robbins &c.

The Legislature of North Carolina.

Mr. Graham urged the adoption of the motion.

Mr. Cook spoke in favor of the amendment and opposed the motion to strike out.

Mr. Beeman called the previous question which was sustained. The motion to strike out prevailed and the bill passed its third reading by the following vote,

SENATE.

THURSDAY, March 24, 1870.

The Senate was called to order at 10 o'clock.

Mr. Sweet moved a reconsideration of the vote by which the bill relating to the Public Printing passed on yesterday, and gave notice that he should move also a reconsideration at the proper time of all the amendments which were adopted.

Mr. Jones of Wake, urged the adoption of the motion.

Mr. Lindsay said this is a simple question, and he would briefly present its merits in a nut shell. Here is a printer, a practical printer, who is a reliable man, and is willing and can give a bond to any amount required for the faithful execution of this work, he proposes to do the work at a much less rate than it has heretofore been done, and for less than any other party or parties have agreed to do it, and also, to execute it as neatly and as well as it has ever been done before. These prices are now fixed in the bill and the Senator from Craven proposes to reconsider the action which placed them there, in order to put in *larger amounts* for the benefit of another party. Now Senators are you willing to vote the people's money out of the Treasury in this way, simply to gratify the wishes of a personal or partizan friend? I ask you if you were making a bargain for yourself if you would be willing to give A. $10,000 more than you would give B. for the same work, executed in the same manner, and with the same material? I do not think many of you would be found to be *so liberal*, when you are compelled to go in to *your own pockets*. If this motion to reconsider prevails it will be a glaring violation of the rights of the people of the State, and he hoped it would not prevail.

A. H. Galloway (col.) called the previous question, which was sustained, and the motion to reconsider prevailed by the following vote:

YEAS.—Messrs. Bellamy, Brogden, Blythe, Colgrove, Cook, Davis, Eppes, (col.) Forkner, Galloway, col., Hayes, Harrington, Hyman, col., Hawkins, Jones, of Wake, Shoffner, Stephens, Sweet and White—21.

NAYS.—Messrs. Barnes, Beall, Burns, Graham, Lindsay, Long, Love, Mason, Melchor, Murphy, Robbins, Scott, Welker and Whiteside—12.

Mr. Sweet moved to reconsider the vote by which the amendments proposed by the Committee on printing were adopted.

Mr. Welker said he should offer no factious opposition to this proposition, neither should he consume any more of the time of the Senate in explanation of the amendments which were reported by the Committee on printing, and which were adopted on yesterday. He would simply say that these amendments should be retained in the bill, and if they are stricken out, this Senate will perpetrate a high crime against the people of the State, and he was determined they should know who were responsible for it in every particular, at a proper time.

Mr. Cook spoke in favor of reconsideration.

Mr. Love spoke in opposition to the motion, said that he should adopt the same course as that pursued by the Senator from Guilford, and not occupy the valuable time of the Senate in again discussing the subject. He said it was perfectly natural for Republicans to desire to give the printing to their party organ, or to be plainer, to the *Standard*, and for that he did not blame them, but they should demand that the *Standard* should do the work as cheaply as other establishments in the city had offered to do it, if not the *Standard* should not have it. This proposition to reconsider is to give the *Standard* more and should not prevail.

The motion to reconsider the vote by which the amendments were adopted prevailed.

AYES.—Messrs. Bellamy, Brogden, Blythe, Colgrove, Cook, Davis, Eppes, col., Forkner, Galloway, col, Hayes, Harrington, Hyman, col., Hawkins, Jones of Wake, Lassiter, Legg, Martindale, Shoffner, Sweet, and White—20. Nays 13.

Mr. Sweet moved to strike out of the bill where the figures 62½ cents per 1,000 ems, and 62½ cents for press work per token, may occur, and insert 75 cents, which was adopted.

AYES.—Messrs. Bellamy, Brogden, Blythe, Colgrove, Cook, Davis, Eppes, col., Forkner, Galloway, col., Hayes, Harrington, Hyman, col., Hawkins, Jones of Wake, Legg, Martindale, Richardson, Shoffner, Sweet and White—20. Nays 13.

Mr. Sweet moved to insert in the bill, "and reports of the decisions of the Supreme Court," which prevailed. This amendment authorizes the State Printer to print said reports. Ayes 20, nays 14:

Mr. Sweet moved to strike out of the bill in section 3, line 2, 3 and 4, the clause proposing to bind the laws, documents, journals and codes at 50 cents per volume and $15 per hundred for all volumes bound in paper, and for pamphlets in proportion, and insert "at such prices as may be allowed by the Governor and Heads of Department."

Mr. Graham moved to amend the amendment as follows, "provided the price per volume shall not exceed $1000

Mr. Lindsay said this was a strange proceeding. Here is a proposition to strike out a fixed price in the bill, and give the Governor (whose son is editor of the *Standard*, and who it is understood is to do the printing), and the Heads of Department to give or allow just what they please. Why such a change in the sentiments of the Senate to day from those they entertained on yesterday. The *lash* was applied by the editor of the *Standard* this morning, and like whipped curs, they here tucked their tails between their legs, and walked in line ready to perpetrate one of the most glaring outrages ever attempted to be perpetrated on any people. Possibly the whole thing was cut and dried in secret caucus, as is the custom of a certain class who wished to force through extreme measures. I protest against this action and shall with others enter my protest on the journal.

Mr. Sweet said he made the motion to reconsider, and thought the Senator from Rockingham had no right to impugn his motives, he denied the charge or insinuation that he had been into any caucus on the subject, and did not understand upon what evidence the Senator based his remarks.

Mr. Robbins said if the Senator from Craven had taken the trouble to read the morning *Standard*, he would have seen an article where the lash is applied to certain Senators who, it says, has acted in bad faith, who have violated their pledges in *caucus*, who have gone back on their promises.—But, Senators, we stand under sacred obligations to the people, pass these amendments and you have acted in bad faith to them, and they will hold you responsible for it, you pledged the people, when they elected you, that you would conduct the affairs of State in a judicious and economical manner, but you have violated that pledge time and again, and now as a finishing stroke, when the State is almost bankrupt and her credit gone, you propose, in the interest of one of your party, to increase her burdens by giving a price for work when other parties will do it for half the amount, you cannot answer why you do it and give a good reason for it. The people will mark this action to day.

Mr. Forkner said he would state that the caucus the *Standard* alluded to this morning was held some time ago, and the Senator from Rockingham was present at that caucus and made a speech. There had been no other caucus that he knew of, held since in reference to this subject.

Mr. Lindsay said he was at the caucus alluded to by the Senator from Surry and he went in company with the Senator from Guilford, that they both went not knowing what would be under consideration, but to use their influence against any extreme measure that might come up to the detriment of the true interests of North Carolina, made a short speech, found he could accomplish no good by remaining longer, and retired, while he did not have such evidences before him as occurred at the midnight revel at the National Hotel, such as the Senator from Craven giving the toast "down with the Bragg Committee," yet he soon found the Company would not do for him. He knew there were certain Senators on the floor that cared very little as to the amount of tax they vote upon the people, they were sent here by an irresponsible non tax paying constituency, hence he was not surprised that they favor this proposition. But there are others who will be held responsible for their votes to-day by an indignant and outraged people.

J. A. Hyman col. called the previous question, which was sustained.

Mr. Grahams amendment was rejected.—Ayes 8. Nays 23.

The motion of Mr. Sweet to strike out and insert prevailed.

YEAS.—Messrs. Bellamy, Brogden, Blythe, Colgrove, Cook, Davis, Forkner, Galloway, col., Hawkins, Jones, of Wake, Martindale, Shoffner, Sweet and White—17.

NAYS 13

The bill passed its third reading by the following vote:

YEAS.—Messrs. Bellamy, Brogden, Blythe, Colgrove, Cook, Davis, Eppes, col., Forkner, Galloway, col., Hayes, Harrington, Hyman, col., Hawkins, Jones, of Wake, Shoffner, Stephens, Sweet and White—21.

NAYS.—Messrs. Barnes, Beall, Burns, Graham, Lindsay, Long, Love, Mason, Melchor, Murphy, Robbins, Scott, Welker and Whiteside—12.

Mr. Love offered the following protest:

We the undersigned, solemly protest against the passage of a bill, by a majority of the Senate to say, entitled "an act in relation to the public printing," for the following reasons:

1st. Because a majority of the Senators agree to pay twenty per cent more, per thousand ems, and the same increase per token for press work, more than responsible practical printers are proposing to do the same for.

2nd. Instead of fixing the binding at 50 cents per copy, or volume, and at 15 cents per volume for pamphlet work, at which prices responsible parties propose to do this work, they leave it to Governor and heads of Department to fix the pay for such work, without limitation as to price.

3rd. Bills for public printing are *only* to be approved by *some* practical printer, and then audited for payment.

For these and other reasons, we enter this our solemn protest as aforesaid.

Respectfully submitted,

W. L. LOVE,
J. M. LINDSAY,
G. W. WELKER,
R. L. BEALL,
JOSHUA BARNES,
L. A. MASON.

The President (Mr. Sweet in the Chair,) announced that the hour for the special order had arrived and that it would be taken up.

Mr. Robbins moved that the Special Order be postponed in order to allow him to report from the Committee on the judiciary a bill for the relief of Landholders and Laborers, and put it on its passage, which motion prevailed.

This bill was considered at length, various points of order were raised, and was finally defeated for want of a quorum voting.

The bill to raise revenue was then taken up and considered until the hour of adjournment.

They have been a great comfort. Others to whom I have recommended them have used them with advantage." For Coughs and Colds the Troches are equally efficacious.

The Norfolk Oil and Fish Guano COMPANY'S

PHOSPHATIC FISH GUANO.

PRICE $30 PER TON OF 2,000 lbs., AT NORFOLK, VA.

Manufactured at Norfolk, Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the produce much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

Orders promptly attended to, addressed to any of our leading Commission Merchants or to Gen'l Agents office over Granbery Bro's & Co., new Warehouses on Town Point, Norfolk, Va.

THE SENTINEL.

CITY AND STATE ITEMS.

FRIDAY, MARCH 25, 1870.

Mr. Jno. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

Auction.—M. R. Cobbam sells at auction to-day at 3 o'clock, and 7½ o'clock P. M., a large lot of Boots, Shoes, Dry Goods and other articles. Don't forget, to-day, and to-night.

More Fish.—Jimmy Lewis will have some more fine, fresh shad, rock, herring, &c., at his stand, this morning; also some nice corned shad, which some like better than the fresh.

Returned.—Mrs Gettinger has returned from her Northern trip, where she has been for some weeks engaged laying in her supplies of pretty bonnets, hats, ribons, flowers, laces and other nice things in the millinery line, and is now ready to wait on her many friends and customers, who are cordially invited to call. See advertisement.

Gen. Robert E. Lee.—A gentleman writing us from Lexington, Va., says, "Gen. Robert E. Lee leaves this place for a trip South, next Thursday, and I was informed this evening, by Prof. Nelson, that he expected to spend several days in Raleigh. His health is quite bad, but I hope it will improve while South. He will arrive in Raleigh, I think, about Saturday."

Our citizens will gladly welcome so distinguished a visitor among them, should he come, and, while he would not consent to any public demonstration, should such be tendered, we know he will meet with a warm and hospitable reception.

Roguery.—We have heard lately of a number of robberies and attempts at robbery in the city. On Tuesday night Mr. T. H. Briggs had his smoke house broken into and all his meat, flour &c. taken. The rogue left an axe and an old piece of wheel tire that they used in breaking in.—They made an attempt to get into his corn house the same night, but failed. Let people keep a close watch and treat the depredators to a dose of lead when they can get them about.

N. C. Musical Convention.—The Convention has proven successful beyond the most sanguine expectations of those who originated the movement. Yesterday and last night there was an increased attendance and the exercises were very interesting. A permanent organization has been formed and the following officers elected for the present year:

President, Charles Dewey, Esq. of Raleigh.

Vice Presidents, Eugene Wilson, Esq. Maj. J. C. Mann, Wilmington, Prof. O. W. Carr, Trinity College, Col. Gilmer, Greensboro.

Secretaries, R. W. Best, Esq. Raleigh, A. W. Fisher, Esq. Raleigh.

Treasurer, Wm. A. Simpson, Esq.

It is proposed to hold sessions of the Convention at regular intervals and in this way awaken an increased interest in musical matters throughout the State. Prof. Allen the musical director has made many friends during his stay amongst us. To day the Convention will meet for rehearsal and practice in the Chapel of the Deaf & Dumb Institute at 10 o'clock A. M. and at Tucker Hall at 4 o'clock P. M. The concert, as will be seen elsewhere, will take place in Tucker Hall at 8 o'clock P. M.—We hope there will be a large crowd in attendance.

To the Children.—Prof. Allen, who is now conducting the Musical Convention in this city, proposes to meet the children and young folks who are interested in Sabbath School music, in the Chapel of the Institution, for the Deaf, Dumb and the Blind, on Saturday afternoon, at half past 3 o'clock. He proposes to teach them several new songs, and we hope to see a large number present. He will also, *by special request*, conduct a children's meeting on Sunday afternoon, at one of the Churches, of which due notice will be given.

The Attorney Generalship.—We have on hand several communications in regard to the candidacy for the Attorney Generalship, some of them received several days since, but which the crowded state of our columns prevented us from publishing.—These communications all suggest about the same course on the subject, namely, that as there will probably be no State Convention, it would be the best for the Democrats and Conservatives in the General Assembly to agree on and recommend a suitable candidate for this the only office to be elected by the State at large, at the approaching election.

These communications with equal unanimity, suggest and recommend, as a suitable candidate, Wm. G. Morisey Esq., of Wayne. We will publish the communications at the earliest practicable day. We are prepared to endorse all that the writers say of Mr. Morisey's qualifications, without, by so doing, intending to disparage the claims of any other gentleman.

Atlanta Medical College.—An advertisement appearing elsewhere announces that the thirteenth annual course of lectures in the Atlanta Medical College will commence on Monday the second day of May. The Faculty of this College is one eminently qualified to initiate young men into the mysteries of that great and humane science which has for its object the healing of the disease to which flesh is heir. Some of the most successful physicians in this and other Southern States were nourished at the breasts of this school, and she now points to them with pride, while they, with reciprocal pride, point to her as their *Alma Mater*.

The school is abundantly qualified to prepare its matriculants for the practice of physic, and as such it ranks high among the colleges of the United States. It is hoped that its next annual session will be its most prosperous one.—*Atlanta New Era.*

Do not Insure Your Life

Until you ascertain from P. F. Pescud, the General Agent for North Carolina, why the

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868, She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

while was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $48 000, and as a further evidence of the great care observed in the selection of risks, 924 applications amounting to nearly $3 000 000, were ejected last year. Therefore a solid basis and inducements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assetts, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

Senate.—The Territorial Legislature of New Mexico asks for authority to raise two regiments for protection against Indians.

Bill to promote civilization among Indians and to prepare them for the rights of citizens, passed. Ames' case resumed and discussed to adjournment. Carpenter spoke against seating Ames.

House bill introduced to sell the Natchez hospital for educational purposes. Bill repealing the bill allowing metro exclusive perogative on his tunnel was tabled, 125 to 41. This is a signal defeat of California bank interest. Speaker presented a special message from the President on the subject of American Commerce, declaring it a humiliation, that this country was compelled to pay from 25 to 30 millions dollars a year, exclusive of passage money for freight, which should be shared by American citizens with people from other nations, and urging an early consideration upon the subject.

He believed that direct money subsidy less liable to abuse than indirect subsidy and recommended the passage of two bills, reported by the Select Committee. The Utah bill against polygamy passed. House in session to-night for debate.

The Responsibilities of the Liver.

The liver has a very important part to perform in the animal economy. Its function is two-fold. The fluid which it secretes tempers the blood and regulates the bowels, and upon the quantity and quality of the secretion depends, in a great degree, the adaptation of the blood to the requirements of the system and the due removal of the refuse matter which remain in the intestines after the work of digestion has been accomplished.

One of the principal uses of Hostetter's Stomach Bitters is to tone and control this somewhat unruly organ. The antibilious properties of the preparation are scarcely secondary to its virtues as a stomachic. Its operation upon the liver is not violent like that of mercury, but gradual and gentle. Instead of creating a sudden tumult in that sensitive gland, it regulates its action by degrees. Hence, it is a safe remedy for bilious disorders, while mercury, being a tremendous excitant, is not. The more naturally and quietly a diseased organ can be restored to its normal condition the better, and it is the peculiar property of this harmless vegetable alterative to reinforce and regulate without exciting or convulsing.

The success which has attended its use as a remedy for affections of the liver is proverbial. Persons of a bilious habit who take it habitually as a protection against the attacks to which they are constitutionally liable, pronounce it the best liver tonic in existence. The symptoms of an approaching fit of biliousness can hardly be mistaken. A pain in the right side or under the shoulder blades a sallow tinge in the whites of the eyes, sick headache, a feeling of drowsiness, low spirits, loss of appetite, constipation and general debility are among the usual indications of a morbid condition of the liver, and as soon as they appear the bitters should be resorted to in order to ward off more serious consequences.

SOUTHERN LIFE INSURANCE CO.

TO THE PEOPLE OF NORTH CAROLINA.

At the request of General Jno. B. Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home*. By careful calculation it is estimated that a sum of not less than twelve *millions* (annually) is sent from the South to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefitted by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) is invested in the State from which it is derived.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in those States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities the *only true test of a Company's strength*, fully sustaining this statement.—We would respectfully call attention to the Board of Directors and stockholders, published in another column, and to our Board of Reference in this State and others.

DR. E. BURKE HAYWOOD, Examining Physician.
Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

CAPITAL STOCK, (PAID UP.) $150.000.00!

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, Seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus street, a little East of the N. C. R. R. Depot and would be glad to show it to any one who will call to see it.

These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Old Pianos taken in exchange for new ones, at a fair price. As I am confident that I can sell cheaper than anybody else, I beg of my own people in the State to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. Can make an old Piano as good as new as new, for a very low sum.
Address,
W. H. VAUGHAN

IT WILL BE REMEMBERED THAT THE Messrs. Tr maine Bro's. took the first premium at the Virginia State Fa r over their celebrated Pianos.
